CORDLESS HYDRAULIC PUMP

Cordless Hydraulic Pump, 10,000 PSI

- Lightweight design with integrated handle and carrying strap for portability
- Bladder reservoir prevents contamination and allows pump usage in any position
- Powerful 0,37 kW motor and 28 Volt Lithium-Ion battery deliver exceptional speed and run time
- High-strength fiberglass reinforced composite shroud for superior durability in demanding job site environments
- Cordless technology eliminates tripping hazards found in other electric or air powered pumps
- Available in both single-and doubles-acting valve configurations.

Specifications

Maximum Pressure	700 bar
Oil Flow Rate	2,0 l/min at no load 0,25 l/min at full load
Oil Capacity	2,0 litres See catalogue for other options
Weight	11 kg with batteries, depending on model
Batteries	2 batteries and charger included

Valve Type	Charger Voltage
3-way, 2-pos.	115 V

2347 Circuit Way
Brooksville, FL 34604
