“GATOR BITES”

ALUMINUM ANTI-SLIP WEDGES

“GATOR BITES” ALUMINUM ANTI-SLIP WEDGES

- **High-Visibility Design:** The bright orange color makes the wedge easy to locate in busy work environments, reducing the risk of misplacement or accidents.
- **Durable Aluminum Construction:** Made from strong, lightweight aluminum, the wedge withstands rigorous use and provides long-lasting reliability in demanding work conditions.
- **Anti-slip System:** Features a specialized antislip design that keeps the bead securely in place, ensuring safe and efficient bead-breaking on three-piece rims.
- **Precision Fit for Three-Piece Rims:** Engineered specifically for three-piece rims, the wedge provides optimal positioning and safety, minimizing potential damage to the rim or tire.
- **Efficient Bead Breaking:** Designed to make bead breaking quicker and safer, this tool enhances productivity in the field and reduces physical strain for technicians.
