WHEEL DEFENDERS AND PROTECTORS
61000-61090 53010

Truck Wheel Defender

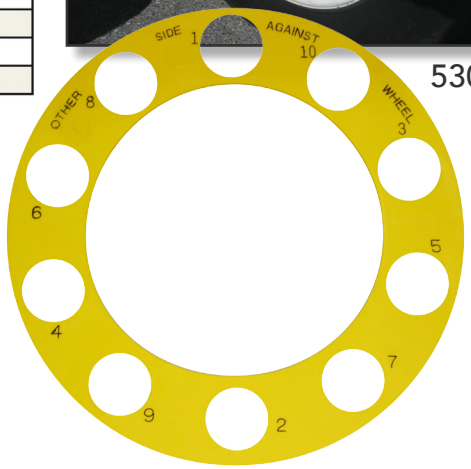

- Composite separator plate to be placed between the hub or drum and the wheel, and/or between two wheels in dual applications
- Provides protection for wheels against corrosion and excessive wear
- Stops rust, scale, salt, and corrosion between steel disc rims in dual or single wheels
- Both aluminum and steel wheels can benefit from use of the Wheel Defender
- Prevents galvanic electrolysis between aluminum and steel wheels
